

1. Product and manufacturer

Product: Conference chair

Manufacturer: .mdd sp. z o. o.

Before transporting, assembling and using the product, read this information and the instructions supplied with the product.
Keep the information and instructions for future reference.

2. Safety

Follow the warnings and notes below and ensure that those who may be involved also comply with them.

Technical information

-  **NOTE:** The conference chair has been subjected to a pre-market risk analysis. The product complies with safety requirements in accordance with applicable standards and regulations.
-  **NOTE:** The product bears a series number and an identification mark allowing verification of its origin and compliance with technical standards. This information can be found on the packaging or in the accompanying documentation provided with the product.

Transport and storage safety

-  **WARNING:** The product must be properly secured during transport and in the storage area to prevent damage or tipping over.
-  **WARNING:** The product packaging contains small loose parts that may pose a choking hazard to children. Keep them out of the reach of children and ensure that they do not have access to the unassembled product.

Assembly and use

-  **WARNING:** Assembly and disassembly of the product require basic manual and physical dexterity. Persons having difficulty lifting heavy components should be assisted by a second person. Assembly instructions must be strictly followed to avoid the risk of damage or injury.
-  **WARNING:** The chair should be used on a level, stable surface. Using it on a sloping or slippery floor can lead to loss of balance and falling.
-  **WARNING:** The product is designed for one person. Do not exceed the maximum permissible load of 120 kg.

-  **WARNING:** The chair is intended only for sitting in the correct position. Do not stand on it, sit on the backrest or use it in any other way.
-  **WARNING:** The product is not intended for use by children under 12 years of age without adult supervision.

Maintenance, repair and disassembly

-  **NOTE:** If components need to be repaired or replaced, we recommend contacting an authorised service centre or dealer.
-  **WARNING:** Disassembly must be carried out carefully, especially with screw connections and metal components, to avoid cuts and damage to the surface.
-  **NOTE:** Carefully follow the installation instructions to ensure the chair is stable and safe to use.

Thank you for choosing our product and we wish you a comfortable experience!
