

1. Product and manufacturer

Product: High tables

Manufacturer: .mdd sp. z o. o.

Before transporting, assembling and using the product, read this information and the instructions supplied with the product.
Keep the information and instructions for future reference.

2. Safety

Follow the warnings and notes below and ensure that those who may be involved also comply with them.

Technical information

 **NOTE:** High tables have been subjected to a pre-market risk analysis. The product complies with safety requirements in accordance with applicable standards and regulations.

 **NOTE:** The product bears a series number and an identification mark allowing verification of its origin and compliance with technical standards. This information can be found on the packaging or in the accompanying documentation provided with the product.

 **WARNING:** Do not jump, sit or stand on the conference table. Such misuse may lead to structural damage, loss of stability and serious injury.

 **WARNING:** The product is not intended for use by children under 12 years of age without adult supervision.

Transport and storage safety

 **WARNING:** The product must be properly secured during transport and in the storage area to prevent damage or tipping over.

 **WARNING:** The product packaging contains small loose parts that may pose a choking hazard to children. Keep them out of the reach of children and ensure that they do not have access to the unassembled product.

Maintenance, repair and disassembly

 **NOTE:** Regularly check the condition of the joints and fixings – if loose, tighten them. In case of damage to any of the components, discontinue use and contact an authorised service centre.

 **NOTE:** The disassembly of the table should be carried out according to the assembly instructions – it is recommended that this operation be carried out by two people.

Thank you for choosing our product and we wish you a comfortable experience!

Assembly and use

 **WARNING:** Assembly and disassembly of the product require basic manual and physical dexterity. If you're having troubles with the assembly, it is advisable to have the assistance of a second person.

 **WARNING:** Tables should be placed on a stable, level surface. Use on an uneven or sloping floor can lead to a loss of stability of the furniture or the overturning of objects placed on it.

 **WARNING:** Do not exceed the permissible table load specified by the manufacturer. Excessive loading may damage the structure and create a risk of accident.
