

Gravity technical specification

.mdd

Mdd has a leading position among manufacturers of office furniture with many awards that prove quality and continuously increase demand for it's products.

The realities of today's market require constant quality improvement at all levels of modern organization. This applies in particular to customer service, marketing, quality of products and also to quality of processes within the company. Partnership relations among employees and with business partners form a base of economic growth and success of the company.

Constant investments in innovative machinery park, optimization of management systems and an expansion of production halls allow to minimize the lead times for the product of the highest quality.

More than twenty years of experience in office furniture industry come with reference from a long list of companies and institutions to show their appreciation for an efficient and comprehensive service.

Mdd is highly aware of the environment.

Being located in a forest region with a lake by its side, MDD takes nature seriously and invests constantly in a modern and energy-efficient solutions to preserve the local life. Company puts emphasis on waste segregation and recycling. MDD has been awarded for the exceptional care and involvement in waste disposal. All materials used are environmentally friendly and enjoy a high 95% rate of being recycled.

Technical specification · Desk

- 1. **Worktop** · Veneer/HPL, max. load 70kg
- 2. **Sliding front** · MDF, varnished 18 mm
- 3. **Shelf** · MFC 18 mm
- 4. **Drawer** · 100% extraction, self-closing, dimensions: 500x290x280 mm
- 5. **Body** · MDF lacquered 28 mm
- 6. **OPTION WITH ADDITIONAL CHARGE** · Mediabox M06 · 2x240V, colour: anodised aluminium
- 7. **Control panel**
- 8. **Electric height adjustable frame** · Powder coated steel, column dimension 150x150 mm, frame profile 60x30 mm

Control Panel + Drive

Frame Technical Specification

- Height adjustment** · 40 mm/sec, Super Soft Start-Stop
- Drive** · 2 synchronised motors with microprocessor, work control sensor
- Noise level** · ≤ 48dB
- Anti collision mechanism
- Control panel** · Electrical height adjustment · Memory
- Norms** · ISO 21016, EN 527-2, EN 527-3
- EU Directives** · 206/95 EC, UI508 1999, UL 1004 R7 06, WE DC 2004/108WE
- Power Supply** · 230V, 300W, power consumption on standby: 0.3W
